Title IX Services Release of Information Form

The purpose of this release form is to gain permission to disclose/obtain confidential information on a need-to-know basis from or to any of the designated parties.

I, _____ CCTC# _____, hereby authorize the release of faculty notification letters identifying my approved academic accommodations and providing information necessary to allow me to access my educational program.

Faculty/Staff (names): _____

I understand this information is needed to provide me with Title IX accommodations and services. This information is confidential and will not be released without my prior written consent. Exceptions to the privilege of confidentiality allow the disclosure of this information when deemed necessary to protect me or others from imminent physical danger, where child abuse is present, or upon court order.

I understand that faculty notifications do not remove my responsibility to communicate with my instructors about ongoing or changing circumstances.

I understand that faculty notifications also do not remove any requirements for coursework assigned per each course's syllabus. Accommodations are designed for each student to help them complete their coursework successfully and do not excuse students from any assignments.

This authorization shall remain in effect during my pregnancy and recovery period while attending classes at Central Carolina Technical College or until I revoke it in writing.
